

WE'RE TASC

YOUR PROVEN SYSTEMS ENGINEERING
AND INTEGRATION PARTNER

AN INDEPENDENT COMPANY WITH A LEGACY OF SUCCESS

TASC has a rich legacy as a premier provider of advanced systems engineering and advisory services. We have over 5,000 engineers, scientists and support personnel dedicated to solving our customers' most difficult challenges. Since 1966, we have partnered with our customers working toward one goal—the success of their operational missions. Today, as an independent company, we're in full compliance with the Government's organizational conflict of interest (OCI) policies. **Let TASC help solve your most difficult problems.**
